

SCLI NEWS

The week at school

This week classes are busy preparing for their host family evenings starting tonight with Moana. Mermaids are holding theirs on Friday and students have opted to stay at school on Friday afternoon and eat their dinner. Marama will hold their host family evening next Monday but will return home after school that day.

As we head into the last few weeks of term there will be plenty of highlights. Tomorrow all students are visiting primary schools as part of the afternoon 'Education' topic. Lisa Tui our singing teacher has been preparing the students to sing at a rest home on June 26 and as part of our 'Freetime' topic we are currently trying to recruit knitters to teach students how to knit a peggy square. I trust you received the email about this and I would like to thank those of you who have already offered to help. We have also invited back Mahla who will teach Zumba for an afternoon at the end of the term.

Due to some of our students being busy outside of school hours, our Matariki party will now be held on the last day of term, July 7. Students will be eating dinner here that night and playing some games.

Enjoy the rest of your week,

Lisa

For students

Use of devices at school

There is no need to use your mobiles during class and no reason to contact schoolmates on their mobiles while you are at school. Make sure they stay in your bag.

You are welcome to use the laptops in the Rooftop Room but only for educational purposes and for sending emails home.

Social media

When using social networking sites, remember that all internet users are real human beings with feelings. Don't say anything online that you wouldn't say to someone's face. The things you put on the internet tell people about you— so make sure you promote yourself positively and do not post negative comments about others. Also think before you post photos of others and ask for their permission if you have even the smallest doubt that they may not want you to do it. A simple rule is to only do things that you would be happy for your mum to see.

TOEIC club

There was no club yesterday but the vocabulary sheets are on the table in the hall. There are also List 3 review sheets which you may keep and picture review sheets which you may borrow. The answers for this handout are on the white board in the hall.

School visits

Tomorrow all students will be visiting primary schools in Christchurch. This is a great opportunity for you to teach children about Japan and also to learn about primary education in New Zealand. You will walk/ take taxis there and will bus home at the end of the afternoon.

Skiing / Snowboarding

Mt Hutt is open.

If you want to go to Mt Hutt, you will need to take a shuttle. Snowman Shuttles leave early in the morning from various points around the city and return to those points at the end of the day, or they can pick you up from your house. This company can also put a package together for you include clothing, rental equipment, lessons and lift passes. There is more information on the notice board. See Darryl if you would like some help.

Autumn Term No 9

June 14, 2017
